

Good Morning Middle School Students:

As I discussed this morning when I went into the various classes, several middle school students approached me with an idea which I thought was awesome! They asked if middle school students who are great role models and received good grades could occasionally volunteer in the younger/elementary classrooms as a reward. I loved this idea and so do some of our elementary teachers. If you are a SUPERSTAR student and are interested in volunteering, please print and complete the attached form. Ensure both you and a parent/guardian sign the form. Return the completed hard-copy form to the main office. Feel free to stop by and see me with any questions.
