

NJSLA Testing begins tomorrow

As noted in previous communication, during the time period your child is testing:

- Please make sure your child gets plenty of rest during the entire testing period and eats a healthy nutritious breakfast.
- Allow plenty of time to prepare for school because rushing causes stress.
- Encourage your child to do their best and work hard!
- Testing will start at the beginning of each school day. **Please take extra care to see that your child arrives to school on time each day. No student will be admitted after testing begins**, consequently, students who arrive to school after testing begins will have to partake in make-up sessions.
- Please do not request to sign your child out during the testing, as classes may not be interrupted.
- Students will be reminded that coats, backpacks, and/or purses must be stored away, and students cannot be in possession of these items.
- Students should come to school prepared with a **charged Chromebook**.
- Some portions of the NJSLA assessment require students to listen to audio. Students often prefer and are more comfortable with their own personal devices. Thus, **students should bring earphones or earbuds each day of testing. Please note that air pods or other cordless devices are not permitted.** All headsets, earphones, or earbuds must be able to *plug into* a computer device.
