

Good Afternoon Parents:

Please see the attached video for directions on how to opt in to receive alerts via the Genesis parent portal. 5th through 8th grade parents, please be advised that moving forward you may not receive an email from each individual teacher if your child has to attend SEAS as you can opt in to receive alerts by a method you designate as described in the video. You can also check the Genesis portal at any time. If you have any question related to any assignment, please reach out to your child's teacher. Thank you!
