

Dear Netcong School Community,

We are aware that one of our neighboring schools is in lockdown. I spoke with the Netcong Chief of Police who has advised that there is **NO threat** to us and that the incident is contained. Out of an abundance of caution, we will be keeping PE classes and recess inside, and I have asked the Netcong PD to do more drive-bys to ensure safety.

We will maintain communication with the Netcong Police Department regarding this situation. We will keep everyone informed if this situation changes. **Once again, THERE IS NO THREAT TO US.**

Thank you.
